

Goethe Institute Jordan (GI)

The Goethe Institute is the Federal Republic of Germany's cultural institution operating worldwide. It has built up a network of 144 institutes in 78 countries of which 16 are in Germany. The head office in Munich coordinates all activities and sections of the network. The Goethe Institute Jordan was established in 1961. We promote the study of German and encourage international cultural exchange. We also foster knowledge about Germany by providing information on its culture, language, society, politics and other general aspects of Germany. Our cultural activities are performed through cooperation with local public and private cultural institutions in various fields such as science, literature, art, music, film and media by holding seminars, workshops, exhibitions, concerts, film shows, lectures and readings.

German Language Department

We offer German language courses to beginners and advanced students according to the Common European Framework of Reference of Languages. Our learners, who average 1500 per year, have the choice of registering for either morning or evening classes. We constantly endeavor to support our qualified and experienced teachers in the field "German as a foreign language" by providing them with a large number of teaching materials and inviting them to participate in teacher training seminars in Jordan and Germany. We provide exams of internationally recognized certificates such as Start Deutsch 1 & 2, Zertifikat Deutsch, Goethe Zertifikate B2 & C1.

Dialogpunkt Deutsch

A most vital cornerstone in our institution is the Info-centre "Dialogpunkt Deutsch", where those who are interested can find a variety of historical, geographical, political and social references, dictionaries and encyclopedias, films and cassettes, in addition to four PCs provided with access to the Internet.

We work on the principle of dialogue and partnership offering our support to all those actively involved with Germany and its language and culture.
